Lower the Tolls.

An interesting item of news comes from Frankfort. Senator Goebel, of Kenton County, introduced and passed in the State Senate last Saturday a bill reducing tolls on the Covington and Lexington turnpike an average of one-half from present rates. Failure to obey the act is made punishable by a fine of one hundred to one thousand dollars and forfeiture of charter. The Enquirer's Covington correspondent says the reduction has long been demanded by the people of that county.

Now let Mason County's Representative and Senator follow suit, and have bills passed making a like reduction in the tolls charged on the four principal turnpikes leading into this city. The people of the county have been complaining against the high rates on these roads for years, and such a reduction would be hailed with joy by everybody except the owners of the roads. It would prove a big thing for the people of this city, and the people of the county.

If we can't have free pikes, let us have low tolls.

And we believe the turnpike companies would also be benefited by the reduction. Lower the tolls and make them one-half what they are at present and we are confident there would be more than twice as much travel over the roads. Let's have the reduction before the Legislature adjourns.

Why wouldn't it be a good move for the members of the Commercial Club to interest themselves in this matter?

The courts have decided that G. N. McMannis (Republican) is the duly elected Sheriff of Adams County, O. W. B. Newman (Democrat) was the contestant.

A bill is pending in Congress giving the Postoffice Department authority to extend the free delivery system to all cities containing a population of not less than 5,000.

It is announced from Frankfort that Judge Milton J. Durham is a candidate for State Auditor. The Judge made an enviable record at Washington under President Cleveland, and the man who defeats him will have to be "hustler."

A SPECIAL from Washington City, says: "Representative Paynter presented in the House petitions of John McGowan and John A. Rigdon, of Burtonville, both of whom served in the war and claim to have sustained injuries which entitle them to pensions, but whose claims were rejected at the Pension Bureau because there are charges of desertion against them. They now want Congress to remove the charge of desertion by special act."

Stock, Crop and Turf Items.

In five days last week 345 horses were sold at Cambridge City, Ind., for \$125,000.

Reports from Columbus, Ind., state that the late freezes have greatly injured the wheat in that section.

The Louisville Commercial says: "The unusually light receipts of new dark tobacco have convinced buyers that there is a remarkably short crop and during the past few days everything from good lugs to the best leaf has gained from 1c to 1 1/2c per lb."

A bill has been introduced in the Ohio Legislature, making it a penitentiary offense to steal chickens. Chick n thieves will have to emigrate to more congenial climes. If there any in Aberdeen, they may as well prepare to "get a move" on themselves.

The Georgetown News-Democrat says: "Hon. Jesse Ellis, of Huntington township, an old-time Democrat and a mighty clever gentleman, was in town last week on business and didn't forget to favor us with a call."

Merit Wins.

We desire to say to our citizens, that for years we have been selling Dr. King's New Discovery for consumption, Dr. King's New Life Pills, Bucklen's Arnica Salve and Electric Bitters, and have never handled remedies that sell as well, or that have given such universal satisfaction. We do not hesitate to guarantee them every time, and we stand ready to refund the purchase price, if satisfactory results do not follow their use. These remedies have won their great popularity purely on their merits. J. James Wood, druggist.
